and the services, especially since I

probably have to move from my  
home."*

# Assistance to help you stay in your own home

## What is Oregon Project Independence (OPI)?

OPI is a program that helps older adults stay in their homes when they can no longer take care of their daily needs without assistance.

Services include:

- Case Management
- Personal Care
- Home Care
- Home-Delivered Meals

OPI serves Oregonians age 60 or older. Some people younger than age 60 with a diagnosis of Alzheimer's disease or other dementia may also be eligible for OPI services.

## How much do OPI services cost?

OPI service costs are based on a sliding fee scale with a formula used to calculate income after deductions for medical expenses. For those whose income qualifies them for no monthly payments, there is a \$25.00 one-time fee.

## How to apply?

Senior and Disability Services Rogue Valley Council of Governments' Case Managers perform assessments to determine a person's individual need and eligibility for OPI services.
