

# Trees and Shrubs for Attracting Pollinators

| <b>Common Name</b>      | <b>Botanical Name</b>                     | <b>Max. Height</b> | <b>Bloom time/Bloom color/Drought tolerance</b> |
|-------------------------|---|--------------------|---|
| Vine maple              | <i>Acer circinatum</i>                    | 20'                | Spring, green, low                              |
| Douglas maple           | <i>Acer glabrum</i> var. <i>douglasii</i> | 30'                | Late Spring, green, low                         |
| Bigleaf maple           | <i>Acer macrophyllum</i>                  | 100'               | Mid Spring, yellow, low                         |
| Saskatoon service berry | <i>Amelanchier alnifolia</i>              | 20'                | Early Summer, white, medium                     |
| Pacific madrone         | <i>Arbutus menziesii</i>                  | 80'                | Mid Spring, white, high                         |
| Kinnikinnick            | <i>Arctostaphylos uva-ursi</i>            | 1'                 | Early Spring, purple, high                      |
| Redosier dogwood        | <i>Cornus sericea</i> ssp. <i>Sericea</i> | 10'                | Mid Spring, white, medium                       |
| Black hawthorn          | <i>Crataegus douglasii</i>                | 25'                | Mid Spring, white, high                         |
| Cascade barberry        | <i>Mahonia (Berberis) nervosa</i>         | 2'                 | Mid Spring, yellow, high                        |
| Creeping barberry       | <i>Mahonia (Berberis) repens</i>          | 2'                 | Mid Spring, yellow, high                        |
| Oregon crabapple        | <i>Malus fusca</i>                        | 15'                | Mid Spring, white, low                          |
| Indian plum             | <i>Oemleria cerasiformis</i>              | 5'                 | Very early Spring, white, low                   |
| Lewis' mockorange       | <i>Philadelphus lewisii</i>               | 10                 | Late Spring, white, medium                      |
| Pacific ninebark        | <i>Physocarpus capitatus</i>              | 8'                 | Late Spring, white, low                         |
| California buckthorn    | <i>Rhamnus californica</i>                | 25'                | Mid Spring, yellow, medium                      |
| Cascara                 | <i>Rhamnus purshiana</i>                  | 35'                | Mid Spring, white, medium                       |
| Smooth sumac            | <i>Rhus glabra</i>                        | 12'                | Mid Spring, yellow, medium                      |
| Skunkbrush sumac        | <i>Rhus trilobata</i>                     | 6'                 | Early Summer, white, medium                     |
| Golden currant          | <i>Ribes aureum</i>                       | 8'                 | Mid Spring, yellow, medium                      |
| Redflower current       | <i>Ribes sanguineum</i>                   | 12'                | Late Spring, red, medium                        |

| <b>Common Name</b>  | <b>Botanical Name</b>                     | <b>Max. Height</b> | <b>Bloom time/Bloom color/Drought tolerance</b> |
|---|---|--------------------|---|
| Dwarf rose  | <i>Rosa gymnocarpa</i>                    | 3'                 | Late Spring, purple, medium                     |
| Nootka rose   | <i>Rosa nutkana</i>                       | 10'                | Late Spring, red, low                           |
| Swamp rose  | <i>Rosa pisocarpa</i>                     | 3'                 | Late Spring, red, medium                        |
| Wood's rose   | <i>Rosa woodsii</i>                       | 3'                 | Late Spring, red, medium                        |
| Thimbleberry  | <i>Rubus parviflorus</i>                  | 4'                 | Spring, white, medium                           |
| Hooker willow   | <i>Salix hookeriana</i>                   | 26'                | Very early Spring, yellow, none                 |
| Pacific willow  | <i>Salix lucida</i> ssp. <i>Lasiandra</i> | 20'-60'            | Very early Spring, yellow, none                 |
| Scouler's willow  | <i>Salix scouleriana</i>                  | 35'-60'            | Very early Spring, yellow, low-medium           |
| Red elderberry  | <i>Sambucus racemosa</i>                  |                    | Early Spring, white, medium                     |
| Rose spirea   | <i>Spiraea douglasii</i>                  | 6'                 | Mid Summer, pink, medium                        |
| Common snowberry  | <i>Symphoricarpos albus</i>               | 3'                 | Late Spring, white, high                        |
| Red huckleberry   | <i>Vaccinium parvifolium</i>              | 12'                | Spring, white, high                             |
| Common viburnum   | <i>Viburnum ellipticum</i>                | 15'                | Mid Spring, white, low                          |
